Attachments: removed.txt; CFMW-016A.pdf; CFMW-016.pdf; SAP-Record of Modification No 3.docx

Hello Mike,

Please see the attached revised MOD #3 and requested attachments. Please note the logs are draft and will be updated when we get survey coordinates. Final logs will be included in the Phase I Summary Report.

Subject: Field Modification No. 3

Hi Mike,

Here are a couple of comments in regards to the Phase I SAP MOD #3 Record of Modification from Roux:

- Please provide a copy of the field borehole log for deep monitoring well CFMW-16a.
- Please provide a figure showing the well construction details for wells CFMW-16a and CFMW-16.

Subject: Field Modification No. 3

Mike:

Attached is another field modification form documenting why a 5-ft screen length will be used for deep monitoring well MW-16a, rather than the typical 10-ft length as specified in the SAP. Also, please note that I had Amy Hoffmann call August this morning to discuss and confirm that he agreed with our approach.

If you concur, please return a copy with your e-signature. Please let us know if you have any questions.

Regards,

Drew
